Good Evening Paige,

The TAGA report follows:

- 5/07/10 – No special activities
 - TAGA 1553 continues to perform mobile monitoring for (BTEX)
 - Southeastern LA – Slidell to Hopedale, to Delacroix to Poydras, to Boheman
 - No BTEX observed above low ppbv levels during any monitoring events - the concentrations observed were associated with vehicular traffic or isolated sources
 - TAGA 1554 performs mobile monitoring for (BTEX)
 - St. Teresa, FL to Port Walton Beach, FL
 - No BTEX observed above low ppbv levels during any monitoring events - the concentrations observed were associated with vehicular traffic or isolated sources – with the exception of a toluene plume with a maximum concentration of 50 ppbv originating at a pulp and paper plant in Springfield, FL (Day County) and extending to Panama City, FL – odors were associated with this plume

If you have any questions or concerns, please contact me.

Best regards,

David B. Mickunas

Subject: Friendly Reminder: SITREP input by 7 or 8 PM please

Hi guys,

Please do your best to keep to this schedule the best you can today and over the

weekend. Also, in addition to those listed below please cc Terry Burton, Kris Fuller, and Brad Morgan over the weekend. I will be trying to take some time this weekend away from the response. This will be very helpful to them.

Thanks so much to everyone for doing this so far.

Paige

Hello everyone

This is your friendly reminder to please email Susan, Craig, and myself your SITREP input (bullets of daily activities) to us by 7 or 8 at the latest tonight.

Warren/Nic/Jim/Nancy-Please don't forget your 6:30 am updates emailed to Susan, Craig, and myself if you have any updates from your input tonight.

Everyone-Please provide any final updates to me by 11:00 am tomorrow for incorporation into the SITREP at 12:00.

Thanks everyone for your help. You have been doing a great job of getting us information so we can pass it up the chain.
